

Privacy Policy for – “Qualify”

Last Updated: [13 Mar 2025]

Introduction

People Tech Group ("we," "our," or "us") is committed to protecting your privacy. This Privacy Policy describes how we collect, use, and safeguard your information when you use **Qualify**, our AI-powered code quality enhancement solution. By using **Qualify**, you consent to the practices outlined in this policy.

a) Information We Collect

When you use **Qualify**, we may collect the following types of data:

1. User-Provided Information:

- Account details (name, email, company name, role) for authentication and access.
- Feedback and support requests.

2. Automatically Collected Information:

- Logs related to static code analysis, AI-generated recommendations, and test execution results.
- System metadata, including execution timestamps, API requests, and pipeline performance data.

3. Integration Data:

- Repository details from **Azure DevOps or GitHub**, required for code analysis and quality assessment.
- SonarQube analysis metrics related to code security, reliability, and maintainability.

b) How We Use Your Information

We use the collected information to:

- **Enhance Code Quality:** Perform static analysis, generate test cases, and provide AI-driven code improvements.
- **Optimize User Experience:** Improve tool performance and personalize recommendations.
- **Ensure Security and Compliance:** Maintain security best practices and comply with regulatory standards.
- **Provide Support & Troubleshooting:** Address user inquiries and enhance platform reliability.

c) Data Sharing and Storage

- We **do not** sell, rent, or share your data with third parties for marketing purposes.
- User data is securely stored within **Microsoft Azure** infrastructure.
- All AI-generated insights and recommendations are processed **without retaining sensitive source code data**.

Contact Information

For any privacy-related inquiries, please contact: info@peopletech.com
People Tech Group, 18300 NE Union Hill Road, Suite 210, Redmond, WA 98052

d) Security Measures

We implement industry-standard security controls, including:

- **Data Encryption:** Secure transmission via **SSL/TLS**.
- **Access Controls:** Role-based access control (RBAC) to protect data integrity.
- **Anonymization:** AI-driven analytics performed without retaining identifiable source code.

e) Your Rights & Choices

- **Access & Control:** Users can request data access, updates, or deletion by contacting us.
- **Opt-Out:** Users may disable AI-based recommendations or integrations at any time.

f) Compliance & Updates

- This policy aligns with **Azure Marketplace privacy standards** and applicable data protection laws.
- We may update this policy from time to time. Any significant changes will be communicated to users.
